A Cozy Meetup. A wonderful community.

This month, we are pleased to announce that we hosted a wonderful Connector Meetup organized by our Industry Engagement Specialist and Connector Program Organizer, Stacy Johnson.

Amal Unite & Empower is the proud host of the National Connector Program in Newfoundland and Labrador. The program consists of matching community leaders and established professionals to newcomers. Once a connection is established, the connector and the connectee meet for a brief chat. After that, the connectee gets referred to 3 more connectors to repeat the process, which expands their professional networks.

It was a highly engaging event that provided an excellent opportunity for the Amal Unite & Empower staff and our connectors to discuss immigration, the job market in St. John's and across Newfoundland and Labrador, and effective ways to support newcomers in

expanding their professional networks and securing meaningful employment — all while enjoying a warm cup of coffee in a welcoming space.

The entire team at Amal Unite & Empower would like to extend our sincere appreciation to all our dedicated connectors for their continued commitment to broadening our participants' networks. Your efforts and genuine care for this initiative have made a **tangible** and **positive** impact on the professional lives of those involved in the program.

Unite & Empower Team

Last week, Amal Unite & Empower partnered with The Harbour for a successful Winter Clothing Drive!

We collected gently used winter gear to stock The Boutique by Amal — a space where newcomers can access what they need to fully participate in and prepare for the Canadian winter season.

From snow pants and waterproof jackets to hockey skates, high-vis vests, and winter boots, every item you donated helped someone feel equipped for the St. John's weather.

We are, once again, **extremely grateful** to everyone who contributed to this initiative. Your generosity truly makes a difference.
